To Our Friends,

7/15/07

It is hard to believe that the Hawthorn Hills Golf Learning Center has been open for 10 years. It seems like yesterday that we were clearing brush and taking down barbed wire fencing to make room for the facility we currently practice on.

We are very excited to tell you that we are ready to break ground for our new, world class practice facility and 9-hole golf course. Unfortunately, because of the construction, our final day of business will be on Wednesday August 22, 2007. If things go as planned, we hope to see all of you come back to use our new driving range and practice green in 2008. Throughout the year of 2008 we will be working on finishing the golf course, chipping area and clubhouse to be opened in the spring of 2009.

We would like to thank all of you for your support and business for the past 10 years. This facility has always been a tribute to all of you and your dedication to the game of golf. It has been an honor to serve you for the past 10 years, and look forward to continue our service at our new facility, which will be known as the Hadley Creek Golf Learning Center. If you have any questions please feel free to contact us any time. We will try and keep you informed of our progress throughout the project. Thank you!

Brad Pederson

*Golf Course Pro Manager
